MEMORANDUM FOR: Mr. Abbot Smith

1. Thank you and [redacted] for the prompt response.

2. Please go ahead to perfect it, updating as desirable. I would like to see it distributed on 24 September even if it comes close to the close of business. It should go to the various intelligence chiefs with a notation for them to share it with their principals. I want to be sure that Tom Latimer is given a copy, so that he can be certain that Kissinger sees the paper.

3. I find the illustrative scenarios helpful. If you think of any others worth including, please go ahead. [redacted]

4. As for the other paper on "Likely Soviet Reactions", I want to review that on Thursday and will then decide what to do about it. The heat seems off that problem for the moment.
